Dear Mr. Sifriyani,

Thanks for your interest in Engineering Letters.

Paper Title: Statistical Modeling: A New Regression Curve Approximation using Mixed Estimators Truncated Spline and Epanechnikov Kernel

Your online submission of the above paper has been received. We will notify you by email after checking.

If you have not got any email by 24 Jan 2023, you are welcome to contact us with the reference number (EL_230117YsT) after double-checking your given email account(Sifriyani@fmipa.unmul.ac.id), including the junk box.

To avoid improper email blocking, you are advised to

- (1) use email which blocking policy can be controlled by you or your email administrator, e.g. email provided by your university
- (2) ensure that our emails are not blocked

To avoid improper email filtering, you are advised to

- (1) add this email (el@iaeng.org) and submit@iaeng.org into the contact list
- (2) mark NOT SPAM if our email is filtered wrongly
- (3) inform your email administrator that our email is NOT SPAM if it is filtered wrongly

If you have not received our email after an unreasonable time, you are advised to

- (1) contact us by another email
- (2) state clearly the email used before and the reference number (EL_230117YsT) if any for checking

Review 1 (19 Maret 2023)

[Review result of the submitted manuscript for Engineering Letters]

Thanks for your manuscript submission, and your manuscript (manuscript number: EL_230117Ys) of the title "Statistical Modeling: A New Regression Curve Approximation using Mixed Estimators Truncated Spline and Epanechnikov Kernel" has been sent to our reviewer in the related field. We are happy to tell you that the review result has now been received.

The acceptance rate of our journal Engineering Letters is less than 10%. It is our pleasure to tell you that your paper has been accepted with major revision.

Significant improvements are required.

Please put more effort on improving the paper quality instead of submitting a revision with minor changes. Otherwise, the revised manuscript may be rejected or asked for further revision.

You are advised to seek the help of a technical writer/colleague with a good command of English to improve and polish the paper.

Please see the attached file for the review result.

Email Review 1: Paper review will be arranged for Engineering Letters

Dear Mr. Sifriyani,

We do not accept email submission. Please make the online submission on or before 20 May 2023 at http://www1.iaeng.com/paper_submit/revised_start_JOURNAL.php?topic=EL

Revised Paper Submission Information

The paper submitter must be the author of the paper. We do not accept someone to submit a paper on behalf of the author(s).

The following items are required (All files together should be less than 8M in total):

1. Manuscript number, i.e. EL_230117Ys
2. Paper title of the revised manuscript
3. * Revised manuscript without any highlight in PDF
4. * A list of changes in PDF, stating clearly and briefly in POINT form of, e.g.
- any major changes which can raise the paper quality significantly (necessary for a manuscript accepted with major revision ##.)

Please put more effort on improving the paper quality instead of submitting a revision with minor

changes.

Otherwise, the revised manuscript may be rejected or asked for further revision.

Invalid submission will not be handled.

A notification email will be sent once getting the online submission.

After checking the submission, an acknowledgment email will be sent within 10 days.

Suppose a further peer review is arranged, the average review time is 2 months.

More about the revised manuscript

The revised paper must be formatted using the template available at:

http://www.engineeringletters.com/author_information.html

Please check your revised paper against the checklist (Last updated date: 20 February 2023) available at

http://www.iaeng.org/publication/download/Checklist_camera-ready_general.pdf

Common problems: problem code [3032], [3040], [3045], [7050], [7053] of the above checklist.

Usually, authors need to submit revised version more than once to be camera-ready.

Do not make any highlight of changes on the revised version.

Suppose the paper is accepted as a camera-ready paper, we will ask for plagiarism check. Please do not do it in advance. Otherwise, you need to do it again with the approved version.

Upon acceptance of a manuscript for publication, the author will not need to pay any page charge for manuscripts less than five pages. The author or his/her institution or company will be asked to pay a mandatory page charge of US\$250 for manuscripts of five to twenty pages, while US\$300 for manuscripts more than twenty pages.

4. Brief summary and further comments for the author(s) if any for improvement of the paper.

(Use a separate sheet if necessary)

The results are not significant enough for journal publication yet.

More comprehensive evaluations are needed for journal publication.

The authors have to further improve the technical writing and presentation of the paper.

The authors should check the English mistakes very carefully.

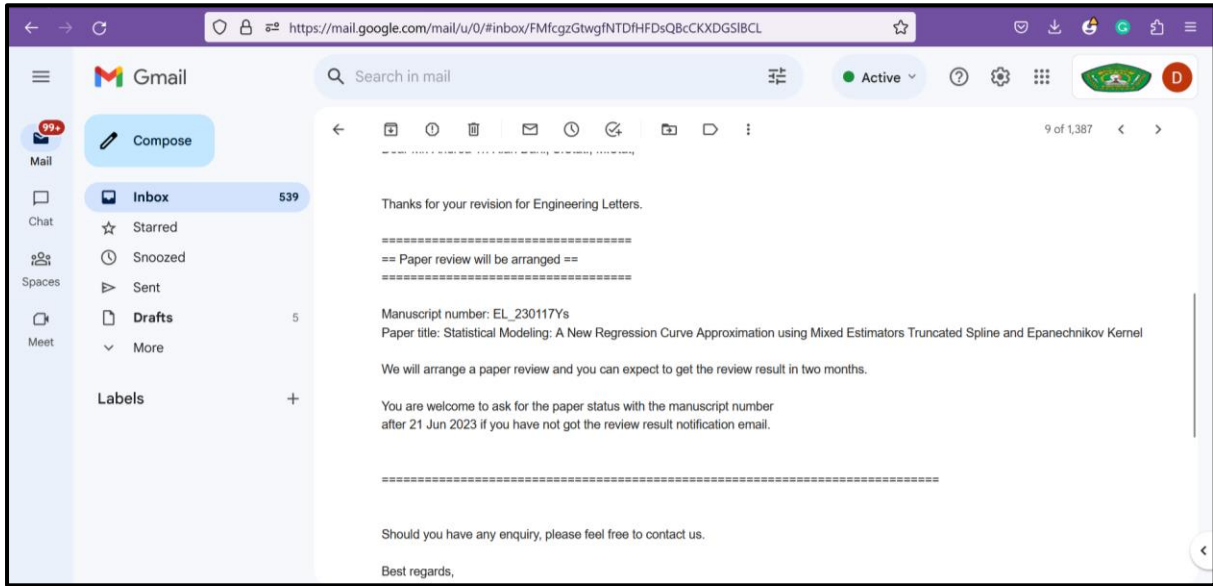

It would also be better if the authors can pay attention to using capital letters correctly.

Additional voluntary remark: It would be desirable if the authors can cite some updated references, and help promoting open-access journals, which provide full article contents free of charge, like for example:
