Invitation to 13th International Congress on Mathematical Education 2016

Dear Mr. Safrudiannur Safrudiannur,

The 13th International Congress on Mathematical Education 2016 (ICME-13) will take place at the University of Hamburg from 24th to 31st July 2016.

As Convenor of ICME-13 it is my great honour and pleasure to invite you personally to actively participate in the conference by orally presenting your research on the theme "A COMPARATIVE STUDY OF MATHEMATICS CURRICULA OF SECONDARY SCHOOL".

Your contributions in the area of mathematical education have been recognised by the international and national community of mathematics education. I am sure that your presentation on your recent research results will be of high value to the congress participants.

I look forward to meeting you in Hamburg.

With kind regards,

Prof. Dr. Gabriele Kaiser
Convenor ICME-13
