Dear Editor of Biodiversitas Journal of Biological Diversity,

We would like to submit a manuscript entitled "The dynamics of soil carbon sequestration in the revegetated post-coal mining: A case study in Berau, East Kalimantan, Indonesia" for consideration to publish in the Biodiversitas Journal of Biological Diversity. This will be a first report on the successful revegetation stage of the post-coal mining land located in Berau, East Kalimantan, Indonesia. Thus, the results of this study are expected to be a basic knowledge for future management purposes in such area. We confirm that this work is original and has not been published elsewhere nor is it currently under consideration for publication elsewhere. Please kindly consider our manuscript to publish in the Biodiversitas Journal of Biological Diversity.

Thank you very much.

Best regards,

Dr. Wahjuni Hartati

Dear Author(s),

Pls, find attached file for an uncorrected proof (Copyedited file).

The revised manuscript (Corrected proof) is awaited. Do not worry about layout changes due to revision; our staff will fix it again.

Note: Kindly TURN ON track changes when you make improvements.

▶ Dear Dewi Nur Pratiwi

The attached file is the corrected version from author. We made a little improvement in the abstract (highlighted), and we also changed figure 1.

Thank you very much in advance.

Best regards,

Dr. Wahjuni Hartati
