## Abstract

The pandemic leap continues and only makes things worse. Sharp criticism continues to pour in about what measures it can put in place to reduce the social crisis. Although some have accused the restrictions of being relaxed (lockdown), it does not improve human nature, which instinctively requires communication with partners, family, and co-workers. This study has a target to uncover the relationship between stress and anxiety on social tourism interest. We invited the 321 respondents to be surveyed online. The
