Nyimak: Journal of Communication - ojsunt@gmail.com - to me - Mon, Aug 22, 2022, 1:03 PM

The following message is being delivered on behalf of **Nyimak** (Jurnal Ilmu Komunikasi).

Reviewer B:

1. Avoid redundant use of words in the title, such as "policy" and "city"
2. Consistent in mentioning the position of researchers or authors?
3. Inclusion of research question that is not tested in the framework of hypotheses in research based on a quantitative approach, so it does not need to be included in the method (but at the end of the introduction).
4. Research findings need to be re-confirmed and elaborated with the theory used so that the researcher's scientific work can be justified.
5. The number of citations from the primary ratio is at least 80%, while in this article there are 77% of references quoted from scientific journal articles, meaning that it is necessary to add about 3%.
6. Reduce the number of similarities to well below 20%, mainly this manuscript will be published in a National Accredited Journal of SINTA 2 Rank.
