Subject Letter of Invitation to 'Following Frontiers
of the Forest City' project activities

To whom it may concern,

Through this letter, I want to confirm that Dr. Gusti Noorlitaria Achmad, SE.,MM from University of Mulawarman, Indonesia is a member of the Netherland and Indonesia consortium conducting a join project on Following Frontiers of the 'Forest City': Towards Sustainable and Inclusive Urbanisation in Kalimantan and Beyond funded by the Netherlands Scientific Council (NWO) and Indonesian Scientific Council (BRIN). The consortium members consist of the Department of Human Geography and Spatial Planning, Faculty of Geosciences, Utrecht University, The Netherlands (GEO UU), Water Governance Department, IHE-Delft, The Netherlands, Royal Haskoning DHV, The Netherlands, Faculty of Geography (FG UGM), Faculty of Forestry (FKT UGM), Universitas Gadjah Mada, Indonesia, Faculty of Social Sciences, Lambung Mangkurat University (FSS LMU), Indonesia, Institut Teknologi Kalimantan, Indonesia, Research and Development Agency of East Kalimantan Province, Indonesia, Indonesia Peatland and Mangrove Restoration Agency.

Dr. Gusti Noorlitaria Achmad is invited to travel to and stay in the Netherlands starting from 27 June 2023 to 7 July 2023 to participate in the following activities:

1. Presenting at Fair Transition/LANDAC International Conference 2023
2. Organizing and presenting at the project workshop
3. Guest lecturing in LANDac Annual Summer School "Land Governance for development"
4. Participating in other collaborative activities

During the visit, Dr. Gusti Noorlitaria Achmad will work closely with the Netherland consortium members led by the Department of Human Geography and Spatial Planning, Faculty of Geosciences, Utrecht University, The Netherlands. The activities will be held at Utrecht University, in Utrecht, The Netherlands.

Sincerely,

Kei Otsuki

Associate Professor, International Development Studies
