Reff#:464

Refining the Formulation of Geometric Optics as an Abelian U(1) Gauge Theory: Addressing Conceptual Inaccuracies and Enhancing Predictive Accuracy
by Adrianus Inu Natalisanto and Sri Purwaningsih

Dear Adrianus Inu Natalisanto, *et al.*,

We have received reports from the reviewer and included comments from the reports below.

Please provide a clear and convincing response to address the reviewer's question, and **use a different font color to highlight your revisions, ensuring they are easy to identify. Please accompany any resubmittal by summarizing the changes made and responding to all recommendations and criticisms.**

The example of the response letter can be found in:

<https://drive.google.com/drive/folders/1X9QljOhEvF3XW0fK3l1imVGuSldWdG2T?usp=sharing>

To ensure your manuscript remains under consideration for publication, kindly **submit the revised version by April 29, 2025**, at the latest.

Yours sincerely,

Editorial Team
